

NON-  
BINARY  
IS NOT  
A THIRD  
GENDER

!!!!  
.. ..

non binary people  
are doing the bra-  
ve work of chall-  
enging the concept  
of gender + yet we  
have perpetuated  
a very narrow idea  
of what non binary

\* \* looks like: \* \*

- androgynous dress
- confusing name
- they / them pron-  
ouns

this effectively  
creates a third  
gender + demands  
that non-binary  
people fit them-  
selves into it,  
when they were  
trying to aban-  
don the idea of  
gender  
altogether.

nonbinary people  
can keep their  
given name, dress  
very feminine or  
masculine, use  
any pronouns, do  
literally anything  
they want and  
still be non-  
binary.

DO YOU QUESTION THE  
VALIDITY OF  
SOMEONE'S NON  
BINARY IDEN-  
TITY IF THEY  
DON'T EXIST  
COMPLETELY  
ANDROGYNOUSLY  
???

pronouns

≠

gender!

people can want  
to be referred to  
as all sorts of  
things + still feel  
deeply that they  
exist outside  
of the gender  
binary

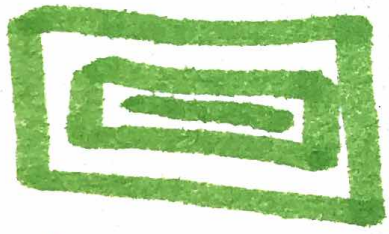

when people use  
multiple pronouns  
(ex. she/they), that  
means they want  
to be referred to  
in multiple ways.

don't ignore the  
"they"!!!

Use it!!!

CHALLENGING  
THE GENDER  
BINARY IS SUCH  
A JOYFUL THING

!!!!

WE SHOULD  
CREATE SO MUCH  
SPACE FOR  
PEOPLE TO DO  
IT!!!!
